## 2 Filters

Filters add together – allowing for complex searching and improved reporting

### Course code

- Enter first 3 characters to autocomplete

### Search by Course or Class Details

- Free text, searches title, term, details columns (including class number, topic and mode of delivery)

### Organisation, Availability, State

- Drop down lists relating to content stored in the columns of the same name
- Items in drop downs are multi-selectable

### Years

- Defaults to current and next year, multiple years can be selected

### Date

- Allows date range selection

### Checkbox Controls

- Created by Me – select to show only your items
- Recently modified by me – modified in the last month
- Clear all filters – reset all filters by clicking
- Include child orgs – on by default, includes parent and

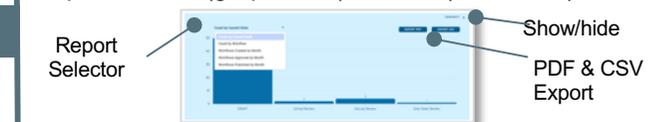

## 3 Reports

Four Reports available via top left drop down

- Count by current state
- Workflows created, approved or published by month (across 1, 2 or 3 years)

Dynamically updates based on Filter choices

Export to PDF (graph view) or CSV (table view)

## 4 5 6 Other

**Header** – columns can be sorted by clicking on icons

**Row Height** – Icon at far right of columns controls row height – Alternates between condensed view or expanded view so all text can be displayed

**Table View** – To select an item click anywhere in the row. Some buttons require an item to be selected to become active

**Display** – A page number can be entered in small box to jump to any page. Items per page can be 10, 20 or 50

## 1 Button functionality

Selecting a curriculum item enables buttons based on your role permissions:

### Copy Outline

- New class summary based on existing content from current course or a different course

### New Outline

- New Class Summary based on the latest class summary template

### View

- Read only access to Class Summary content
- Print Class Summary to PDF

### Modify

- Make changes to the content of the selected Class Summary

### Workflow

- Provides graphical view of workflow
- Supports change state (based on your role)
- View history and comments

### New Schedule (access by Class Schedule Manager only)

- Requests a new Class Schedule to be created in the Student Administration System (SAS)
